

“AWARDS OF EXCELLENCE - - -”

“We opened nominations earlier this year for our “Award of Excellence,” to honor the person who actually helped writer/artists with their careers in 2006. We had a plethora of nominations, and it made me wish I could meet every one of the people you suggested for an award. Congratulations to the three finalists: Marc-Alan Barnette, James Citkovic, and Jamey Whiting.

“I think it’s an incredible honor. as the many letters we’ve received over the past months are sincere and convincing! Thanks to anyone who contributes their excellence, which helps elevate songs and performances, which in turn elevates the enjoyment of music, which elevates the quality of the world - you are an obvious winner in the scheme of things, whether you have a token nod from our company or not. Thank you.
